

# Will They Tolerate Nazi Move to Bulgaria?

The "enigma that is Russia" is due to the scheming and silence of these men—the "big three" of Russia—who must be worried over mysterious Nazi troop movements in Rumania. From left: Stalin, Voroshilov and Kallinin. What will they do if Germany moves into Greece?

## Divorced Wife May Visit Police Dog

SAN FRANCISCO —(UP)— In the divorce suit of Vincent J. and Mrs. Gladys O'Brien, a compromise agreement was reached, whereby, Pat, family police dog, was awarded to the husband, Mrs. O'Brien, however, received a court order permitting her to visit the dog at all reasonable times. There were no children.

## Student Daring Burglar Extracts Pants Thru Window

Basant Dalal, student of University of California at Berkeley, who will soon return to India to assist in construction of 85-ton atom smasher at University of Calcutta. He studied two years under famed Dr. E. O. Lawrence, Nobel Prize winner.

It sounded like a mouse, that little scratching noise by the bedroom window that awoke Mrs. Virginia Scott early Tuesday morning.

Then she looked up and saw her husband's trousers going out the window on the west side of the James H. Scott residence at 2415 Sonoma avenue.

No mouse was ever strong enough to pull a pair of pants out of a window so she aroused her soundly sleeping spouse.

He investigated and discovered his pants were missing — they contained \$5 in change — but was unable to locate the daring burglar who had eased off the screen and raised the window. It was raining at the time and all footprints were obliterated.

## Kiwanis Club to Induct New Officers Monday

Palms Verdes Country Club has been selected by Torrance Kiwanis Club as the setting for their dinner dance and 17th annual installation of officers to be held Monday evening, Jan. 20. The newly-elected Lieut. Gov. Dr. Joe Trainer of Southwest Los Angeles will induct president-elect John E. McCall into office to succeed E. E. Murchison, retiring president. Alden W. Smith will serve as master of ceremonies at the dinner for which reservations have been made for more than 100 members, their ladies and guests.

# Antimony, Mercury Plant Will Resume Work in Harbor City

Preparations to start operation of an old wartime antimony ore and mercury plant in Lomita were being made today by officials of the Menardi Corporation of Vernon, following decision of the Los Angeles city planning commission to grant a permit. Owing to importance of antimony for aircraft engine bearings and the importance of mercury in making munitions, the city planners overruled objections of nearby residents, but imposed rigid restrictions on operation of the plant.

H. E. Smutz, zoning engineer, drew up the conditions. The planning body's okay is expected to be upheld by the city council not later than next week.

**Continue Fight**  
The Harbor City Citizens Committee, who protested the granting of the permit, have 20 days in which to enter a protest. This was the decision received Monday at the meeting of the group held at the home of Mr. and Mrs. Ben Raines, 28221 President.

A special meeting of the group will be held Monday at 7 p. m. at the home of Mr. and Mrs. W. F. Huppke, 28247 Ozon street, at which Attorney Henry Carter, who is representing the group, will be present to explain the restrictions.

More than 100 property owners have protested the permit, first on the grounds that the fumes will be destructive to persons and property; and secondly that the only employment it will give will be to Negroes.

## Mrs. Hinckley Seeks Another Labor Injunction

All negotiations with the A. F. L. having failed, Hinckley's Grocery will again seek an injunction against the picketing of the store by A. F. L. pickets, it was learned this week.

At a hearing before Judge Emmett Wilson the application will come up Friday and the case is being watched with interest as it involves a jurisdictional dispute between two unions and not a case of grievance between employees and employer.

Mrs. Hinckley states that at a meeting held Sunday between representatives of the A. F. L. and the Hinckley store, she received passive permission from the C. I. O. to negotiate with the A. F. L. on the condition that the A. F. L. employees be received into the A. F. L. organization as bona fide employees, which, she states has been their status for several years.

**Deaf "Peaceful" Picketing**  
This proposition was refused by Haskell Tidwell of the Retail Clerks' Association. His refusal was based on the claim that Viola Currier, employee of Hinckley's could not make application for union membership on the ground that she had worked behind the A. F. L. "picket line."

Later he reconsidered but insisted that she appear before the San Pedro executive board but with no guaranty that she would be accepted. Mrs. Hinckley refused to consider any peace offer on any terms where the rights of her employees might be jeopardized and stated that her store would remain on the picket line until such time as the rights of her employees were considered.

All efforts to adjust the matter have been made by the store Mrs. Hinckley states and at no time did the A. F. L. ever invite her employees to join their organization, she says. A previous injunction against the picketing was denied on the grounds that "peaceful" picketing was legal but the second application denies that the picketing has been peaceful.

**SERVES ONE DAY** . . . For assaulting Amel Joberg, Walter real estate dealer on Jan. 8, Finney Bee Nichols, 33, formerly of 24495 Ward street, Walter, was found guilty by Judge Robert Leasing last Friday and sentenced to serve one day in jail. Following this confinement, Nichols moved away. He had asked a jury trial but changed his mind.

Business Cards, 1,000 for \$1.25, cash with order. Torrance Herald, 1333 El Prado.

**Epidemic of Cold Symptoms**  
368 Liquid or 668 Tablets with 668 Rubs of 668 Nose. Diverts generally relieves cold symptoms the first day.—Adv.

## On State Job

JOHN SHIDLER

Accepting a temporary appointment as personal income tax examiner for the state, Attorney John Shidler this week was devoting most of his time to his new duties in the State building at Los Angeles.

"I have found that even the work of the best tax experts in the Southland needs correction and revision," he said. "And what is more, I've discovered that a large number of taxpayers offer to pay too much in come tax."

While his state job lasts, Attorney Shidler is continuing his local practice but is accepting appointments for evenings only.

## LOMITA FINAL CENSUS SAID 6,479 TOTAL

Lomita has a total population of 6,479 persons by the 1940 census, as compared with only 4,384 by the 1930 census, according to figures released this week by the census bureau of the U. S. Department of Commerce, Washington.

Lomita embraces Census Tracts Nos. 337-A and 336-A.

The census tract system was worked out nearly a year ago by engineers for the county regional planning commission, well in advance of the field work by census enumerators last spring. Boundaries of these tracts are so located that it is anticipated that they never will have to be changed, thereby enabling comparisons in population to be made identical areas for a number of years in the future.

The gain in population of Lomita computed to be approximately 48 percent.

## Meat Scarce In Britain

LONDON, —(UP)— Reduction of the British meat ration from 30 to 25 cents worth per week is announced by food minister Lord Woolton. Earlier he disclosed that Britain, for the first time since the war began, was unable to provide the meat ration last week.

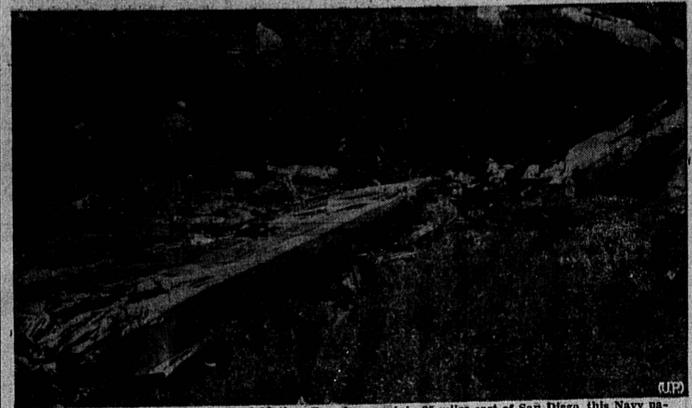

**FIRST DECLINE**  
Throughout the decade ending in 1939 the estimated "known reserves" of oil in the United States increased in each year. In 1940, for the first time, the estimate declined.

**U. S. ROAD MILEAGE**  
The United States, with 3,065,000 miles of highways, has a road mileage nearly three times as great as the combined mileage of England, France, Spain, Portugal, Germany and Italy.

**EDUCATED COFS**  
San Antonio, Tex., policemen may obtain a full four-year college education while continuing their regular duties under a program developed jointly by city officials and St. Mary's local college.

A single comb white leghorn hen laid 318 eggs in 385 days at the Kansas State college poultry farm.

# Four of 11 Died Because 'Number Was Up'

Here, on desolate, rainswept slopes of Mother Grundy mountain 25 miles east of San Diego, this Navy patrol bomber crashed, killing all 11 occupants including four who had just escaped a west Texas crash a day previously by parachuting. Superstitious Navy men said of the four: "Their number was up, that's all."

## Torrance Hi News Notes

**ELECTION RETURNS** . . . Congratulations to Cliff Powell who won the much coveted title of student body president. We all know Cliff will uphold the standards of Torrance high school and we will be more than proud to send him to other schools as our student body representative. Ormsby Miller did a swell job as campaign manager for Cliff and should be recognized for his grand work.

Jim Post rightfully claimed the title of Junior high student president. Although there were several students nominated who could fill the office, Jim Post ranked highest.

Dick Leech acquired the title of Boys' Self-Government president and Reba Mathews captured the title of student body secretary. Helen Thompson carried away all honors connected with vice-president of the student body.

The battle still rages between Margaret Moon and Doris Martin for the title of Girls' Self Government president. Those Post boys certainly get around; it seems Wally was elected Commissioner of Safety, Clair Johnson proved to be the "best man" for Commissioner of Group Control. Jack Jensen was elected for the Commissioner of Halls and Bounds and Bill Moon won the title of Commissioner of Advertising, but Phyllis Campbell ran a very close second. Jimmy Daniels was chosen for the position of Commissioner of Finance.

Election is over for another term and we have left only memories of very stage-frightened students standing on a stage, mammoth in comparison to the way they felt (which was about two inches high). Some of these students will try for offices again next term and remember the old adage, "if at first you don't succeed—try, try, again."

**ANOTHER ELECTION** . . . The J. A. C. has been busy. They kept right up with the G. A. A. girls. Recently they gave a party for their charter members. Election of officers had these results: Elsa Stanley, president; Virginia Moore, vice-president; Shirley Thompson, secretary-treasurer, and Shirley Justice head of sports. They will hold installation of officers at the next meeting.

**FLAG OFFICER** . . . To Wayland Harrison goes the thanks and praise of the student body. Many of us have paid little attention to the one who takes care of our school flag. At 2:35 every day Wayland lowers the flag, folds it and returns it to the office. Wayland takes his duty with all the patriotic seriousness possible. He is in the A11 class and is extremely interested in science.

**SHORT SHORTS** . . . The Science classes of room 332 are again enjoying the fascinating personality of Francis Waddingham who attended school the first time Monday since Christmas vacation. . . . New equipment for the shops of T. H. E. is being considered by the Board of Education to replace all unrepaid and old equipment. . . . Tuesday Principal Elson presented an Aud Call to the boys. . . . He spoke to them on preparation for participation in national defense. . . . We are glad to hear that Joan Blackhall has recovered from her recent illness, and will soon return to school.

Beavers recently felled an 18-inch red maple across a main highway in central New York state.

## Thrifty Pork Dishes

By Katharine Fisher  
Director, Good Housekeeping Institute

Because pork is one of the less-expensive meats it is a favorite in many homes—particularly at this time of the year. In buying pork—or any meat—be sure you look for the government's round, purple stamp: "U. S. Inspected and Passed." This stamp guarantees that the meat was safe and wholesome when inspected. Remember, too, that pork must be thoroughly cooked. Never forget that! It won't become dried out and unappetizing, if you follow the Institute's directions below.

When roasting pork here are four "musts" necessary to achieve perfect results. Use an uncovered roaster; place roast, fat side up, on a small, open-meshed, wire trivet or rack; don't add water; and don't baste the meat.

**Boned Rolloed Shoulder**, wgt. 4 1/2 to 5 1/2 lbs. (after rolling). Roast in a moderate oven of 350° F., allowing 45 min. per lb.

**Boned Stuffed Shoulder**, wgt. 6 to 8 lbs. (before stuffing). Roast in a moderate oven of 350° F., allowing 40 min. per lb.

**Roast Pork Loin**, A 2 1/2- to 3 1/2-lb. loin (about 9 chops) requires 38 min. per lb. in a moderate oven of 350° F. Or it may be roasted in a very hot oven of 500° F. for 15 min., then at 350° F. for the rest of the time, allowing 34 min. per pound in a moderate oven of 350° F. Or it may be roasted in a very hot oven of 500° F. for 15 min., then at 350° F. for the rest of the time, allowing 30 min. per lb.

(All Recipes Tested by Good Housekeeping Institute)

Use Institute-approved measuring cups and spoons. Measure level.

### Spareribs

- 2 lbs. spareribs 1 1/2 tsp. salt
- 2 c. thinly sliced onions 1 tsp. dry or prepared mustard
- 2 c. vinegar 2 tsp. granulated sugar
- 1 c. canned tomatoes 6 pared medium size potatoes

Place half of the spareribs in bottom of an uncovered baking pan, cover with the onions, and top with remaining spareribs. Combine remaining ingredients, except potato, and pour over spareribs. Cook potatoes in boiling water for 15 min. Drain and arrange in pan around spareribs. Bake in a moderate oven of 350° F. about 2 hrs., or until well browned and tender. Serves 6. To serve 2 or 3, make 1/2 this recipe.

### Stuffed Pork Shoulder

- 2 c. soft bread crumbs 1 c. canned whole-grain corn
- 2 tsp. salt 4 tsp. melted butter or margarine
- 1 tsp. chopped onion 1 egg, beaten
- 2 tsp. chopped onions 1 1/2-lb. pork shoulder (wgt. after boning)

Combine all ingredients but the pork, and use to stuff the shoulder. (Boiling it has left a pocket.) Tie up firmly with strong cord and roast in a moderate oven of 350° F., allowing 40 min. per lb. (unstuffed weight).

### Pork-and-Noodle Casserole (Using Pork Leftovers)

- 2 c. uncooked wide noodles, broken up 2 c. finely grated American cheese
- 2 small onions, minced 4 c. coarsely ground cooked pork
- 1 tsp. butter or margarine 1 tsp. salt
- 2 c. canned tomato juice 1/2 tsp. pepper

Cook noodles in boiling salted water until tender. Drain. Sauté onion in butter in a skillet until tender. Add remaining ingredients and the noodles, and mix thoroughly. Pour into a greased 1 1/2-qt. baking dish, and bake in a moderately hot oven of 375° F. for 40 min. Serves 6 generously. To serve 2 or 3, make 1/2 this recipe.

### Pork, Potatoes, and Sauerkraut (Using Pork Leftovers)

- 1 No. 2 can sauerkraut 4 raw, peeled potatoes, sliced thin
- 1 chopped, pared apple 1/2 c. chili sauce
- 6 slices cold roast pork

Mix sauerkraut with apple and place in a greased, shallow, 9-qt. casserole. Arrange alternate slices of pork and rows of sliced potatoes on top, pressing them down into sauerkraut. Top with chili sauce. Cover, and bake in a moderate oven of 350° F. for 1 1/2 hrs., or until potatoes are tender. Serves 4 generously.
